Jenna Mathew, Hiring Manager
ABC Company
Block-3, Malvia nagar
Delhi

Dear Ms Jenna:

In response to your post on LinkedIn, I would like to express my interest in a junior software engineer position with ABC Company. I am confident that my skills and qualifications match up to ABC's values, and the company's objectives will also highly complement my own strengths and enthusiasm.

The position requires skills in coding languages and programming experiences as a web developer. With one internship experience at Amazon (worked on Amazon application, specifically on making it user friendly) and one at Microsoft India development centre as a web developer intern, evidence of my skills and qualifications can be seen through the various projects I worked on during the internships' tenure.
I have a Bachelor's degree in Computer Science and my area of specialty is Full stack Web development and coding It has been my dream to work in this sector of ABC Company and I believe my experiences have been excellent guides for a future in ABC. If given the opportunity, I am sure I will be able to prove my capabilities to you as well.

Please review my attached CV and consider my application for your junior software engineer position. I would be glad to get this opportunity and discuss more about my work in a personal interview and also about the contributions I would be able to offer as an employee of the company. I am available to come to Delhi at your convenience. To reach me for an interview, please contact me at 2233445566 or FizaSiddiqui@gmail.com .Thank you for considering me for this position.

Sincerely,
Fiza Siddiqui.

Fiza Siddiqui
